

Being alone at Christmas – Miss Montreal

Singing bells and snowy streets
All around the world
Happy faces everywhere
But your bed is cold

Embrace yourself like no one else could

Being alone at Christmas doesn't have to be a bad thing
Singing songs all for yourself, some chocolate, no one's leaving
And ooh you're alone tonight
And ooh no Christmas lights
No kisses, hugs, no love, no luck
Christmas a delight

Things will be okay
You'll see, you won't be lonely
Maybe next year you and me
Around the Christmas tree

Embrace yourself like no one else could

Being alone at Christmas doesn't have to be a bad thing
Singing songs all for yourself, some chocolate, no one's leaving
And ooh you're alone tonight
And ooh no Christmas lights
No kisses, hugs, no love, no luck
Christmas a delight
